Wiha PocketStar Multitool L-Key Set

Key Technical Specifications

Number of L-Keys	7
Holder Material	Fiberglass-reinforced
Working Positions	90° to 270°

Key Features

- Folding holder with opening button to select key size
- 180° position converts tool into a screwdriver
- 270° stop provides a lever arm for high torques
- Locks other keys to prevent them swinging back
- Prevents trapped fingers during use

Applications

- Covers the most common drives
- Can be used as a horizontal or longitudinal handle
- Versatile use across various fastening tasks
