

Wiha | Code 45421 | Sku 816239

Wiha Double Ring Ratchet Wrench 4in1 | 225 mm

Key Technical Specifications

Wrench Type	Double-ring ratchet, switchable
Widths Across Flats	10 / 13 / 17 / 19 mm
Drive Profile	Double hex
Number of Teeth	72
Return Angle	5°
Rotation	Right / left, switchable
Length	225 mm
Material	Chrome vanadium steel
Surface	Corrosion-resistant, easy to clean

Applications

- Opening and tightening tightly fastened screws
- Screw profiles 10 / 13 / 17 / 19 mm
- Working in confined spaces
- One tool replaces multiple wrenches

Key Features

- Two profiles on each side
- Continuous fastening without interruption
- Fine 72-tooth ratchet with 5° short return angle
- Integrated switching lever for right/left rotation
- Switch widths by turning around its own axis
- Double hex geometry for clean positioning and reduced slipping risk

Benefits

- Reduces weight of tool equipment
- Saves space in the toolbox
- Long service life and robustness
- Comfortable use in tight areas
