BRAZED DIAMOND FINGERS MILLING BIT 20MM M14

Overview

Diamond drill bit YT-61781 designed for precise machining and enlarging holes in hard construction materials. The diamond coating ensures high work efficiency and long lifespan when processing ceramic tiles, porcelain stoneware, natural stone, and finishing materials. The M14 attachment allows for quick compatibility with standard angle grinders. working diameter: 20 mm overall length: 65 mm durable diamond coating resistant to wear designed for beveling, milling, and enlarging holes M14 attachment for angle grinders suitable for ceramic tiles, porcelain stoneware, stone, and other hard materials Usage warnings: Warning! Always use personal safety equipment at work.

Key Points

- working diameter: 20 mm
- overall length: 65 mm
- durable diamond coating resistant to wear
- designed for beveling, milling, and enlarging holes
- M14 attachment for angle grinders
- suitable for ceramic tiles, porcelain stoneware, stone, and other hard materials
