

Weicon | Code MA51000005 | Sku 38198

WEICON Wire Stripper No. 5

Short Description

Automatic wire stripper for finely stranded and solid PVC-insulated conductors from 0.2–6.0 mm².

Technical Specifications

Brand	Weicon
Model	No. 5
Mfr part no.	MA51000005
SKU	38198
Type	Automatic wire stripper
Length	165 mm
Weight	105 g
Working Range	0.2–6.0 mm ² (24–10 AWG)
Length Stop	5–12 mm, adjustable and removable
Side Cutter Capacity	Up to 2 mm cable diameter
Cable Type	Finely stranded and solid conductors with PVC insulation; round and wet-room cables
Inner Blade	Replaceable
Replacement Blade	Spare blade, article number 51100002
Material	Fibreglass-reinforced polyamide
Operating Safety	Not to be used on live cables or conductors
Approval Certificate	Safety tested by TÜV NORD
Ean	4024596000226
Impa Code	611762

Description

The WEICON Wire Stripper features an automatic scanning system and is designed for fatigue-free working.

Key Features

- Automatic wire stripping with self-adjusting scanning system
- Adjustable, removable visual length stop
- Integrated side cutter
- Replaceable inner blade
- Designed for fatigue-free working

Applications

- Electrical installation
- Workshop wiring work

-
- Industrial maintenance
 - Domestic electrical work
 - Stripping finely stranded and solid PVC-insulated conductors
 - Stripping round and wet-room cables

What's Included

- 1 x WEICON Wire Stripper No. 5
