Description

The fischer DuoPower 8 x 40 is a two-component universal wall plug that automatically uses expansion, folding or knotting depending on the substrate. Its narrow rim prevents the plug from slipping deeper into the drill hole, while the serrated anti-rotation feature helps prevent rotation during installation. The 100-piece pack is supplied in a folding box.

Key Features

- Two-component construction for improved holding performance
- Suitable for solid, hollow and panel building materials
- Automatic activation of expansion, folding or knotting functions depending on the substrate
- Narrow plug rim prevents the plug from falling deeper into the drill hole
- Serrated anti-rotation feature
- Suitable for wood screws, chipboard screws and stud screws
- Suitable for pre-positioned and push-through installation

Applications

- Wall cabinets
- Shelves
- Mirror cabinets
- Tool walls
