Description

Fischer PowerFast FPF II PZF screws are full-thread chipboard screws whose geometry is designed for fast installation, reduced splitting and reduced installation torque. The pan head is suitable for metal-to-wood connections, while the full thread provides increased extraction resistance.

Key Features

- Pan head suitable for metal-to-wood connections
- High-performance wax coating for reduced screw-in torque
- Increased thread pitch for faster installation

- Suitable for solid wood, glued-laminated timber, cross-laminated timber, LVL and wood-based panels
- Suitable for use with fischer plugs such as DuoPower and UX

Applications

- Connecting solid wood, glued-laminated timber, cross-laminated timber and veneer laminated timber
- Fixing metal fittings, brackets, angles and beam shoes to wood
- Use with suitable fischer plugs

What's Included

- 40 x Fischer FPF II PZF 3.0 x 12 BC screws
