### Description

The fischer PowerFast FPF II CZP is a zinc-plated chipboard screw designed for fast and versatile fastening in timber and wood-based materials. Its countersunk head enables flush installation, while the partial thread helps pull and clamp timber components together.

### Key Features

- PowerFast II geometry for fast installation
- Lubricant coating designed to reduce screw-in torque
- Reduced splitting behaviour compared with standard chipboard screws
- Zinc-plated finish without chrome VI
- Suitable for solid wood, softwood, hardwood, glued laminated timber, cross-laminated timber, veneer laminated timber and similar wood-based panels

## Applications

- Connecting solid timber components
- Fastening glued laminated timber
- Fastening cross-laminated timber
- Fastening veneer laminated timber
- Fastening similar glued wood components and wood-based panels
- Fixing metal fittings, angles and beam shoes to wood
- Use with compatible fischer plugs and recommended loads

## What's Included

- 6 x fischer PowerFast FPF II CZP 4.5 x 70 BC screws
