Description

The fischer PowerFast FPF II CZF is a fully threaded chipboard screw designed for fast and versatile fastening in timber and wood-based materials. Its countersunk head allows flush installation, while the PZ2 cross drive supports standard Pozidriv installation. The screw is suitable for solid wood, softwood, hardwood, engineered wood components, wood-based panels and metal-to-wood connections.

Key Features

- Countersunk head for flush installation in wood
- Full thread for high force transfer and fastening thin components
- Chromium VI-free coating
- High-performance wax coating to reduce driving torque
- Suitable for timber structures and wood-based panels
- ETA-19/0175 approval family
