

Kärcher | Code 2.645-387.0 | Sku 816214

eco!Booster 130 (K 4)

Short Description

Kärcher eco!Booster 130 jet nozzle attachment for K 4 class pressure washers, designed to improve cleaning performance on delicate surfaces while reducing water, energy and cleaning time.

Technical Specifications

Brand	Kärcher
Mfr part no.	2.645-387.0
SKU	816214
Type	Pressure washer jet nozzle attachment
Dimensions	615 x 108 x 51 mm (L x W x H)
Colour	Black
Weight	0.4 kg
Weight Including Packaging	0.5 kg
Compatible Pressure Washer Class	Kärcher K 4 class pressure washers
Cleaning Performance	50% higher cleaning performance than a Kärcher standard flat jet
Water Efficiency	50% higher water efficiency
Energy Efficiency	50% higher energy efficiency
Noise Level	Perceived volume reduction of up to 25% compared with a Kärcher standard flat jet
Old Trigger Gun Adapter Requirement	Adapter M 2.643-950.0 required for Kärcher trigger guns M, 96 or 97 manufactured before 2010
Ean Code	4066529082428

Description

The eco!Booster provides up to 50% higher cleaning performance compared with a standard Kärcher flat jet while using the same amount of water and energy. Removing the attachment allows more concentrated cleaning of stubborn dirt from a shorter distance.

Key Features

- Up to 50% higher cleaning performance than a Kärcher standard flat jet
- 50% higher water efficiency compared with the standard flat jet
- 50% higher energy efficiency compared with the standard flat jet
- Perceived volume reduction of up to 25%
- Suitable for delicate surfaces including paint and wood
- Suitable for vehicles, motorcycles, scooters and areas around the home and garden
- Adapter M 2.643-950.0 required for Kärcher trigger guns M, 96 or 97 manufactured before 2010

Applications

- Cleaning vehicles
- Cleaning motorcycles and scooters
- Cleaning delicate painted surfaces
- Cleaning wood surfaces
- Cleaning areas around the home and garden

What's Included

- eco!Booster 130 pressure washer attachment
