PRO GKF 12V-8 Cordless Palm Router

Short Description

Compact Bosch Professional 12 V brushless cordless palm router for precise edge routing in wood and plastic.

Technical Specifications

Brand	Bosch
Model	GKF 12V-8
Mfr part no.	06016B0002
SKU	45964
Type	Cordless palm router / cordless edge router
Voltage	12.0 V
Speed	13,000 rpm no-load speed
Router Cage Stroke	36 mm
Weight	1.1 kg excluding battery
Motor Type	Brushless motor
Battery System	Bosch Professional 12 V system; compatible with Bosch Professional 12 V batteries and chargers
Compatible Collets	6 mm, 8 mm and 1/4 inch
Vibration	2.5 m/s ² vibration emission value ah; uncertainty K = 1.5 m/s ²
Noise Level	71 dB(A) sound pressure level; uncertainty K = 3 dB
Product Identification Number	3601FB0000

Description

The GKF 12V-8 is designed for routing edges and profiles in wood, plastic and other non-metallic lightweight materials. It features ergonomic handling, rapid and fine routing-depth adjustment, a

securable cutting depth and spindle lock. The identified 06016B0002 variant is supplied in a cardboard box with an 8 mm collet and nut and a 17 mm open-ended spanner; battery and charger are not included.

Key Features

- Brushless motor
- Bosch Professional 12 V battery system
- Compact and ergonomic design
