Technical Data Sheet

Yato | Code YT-23731 | Sku 1023731

AIR DUSTER GUN

Overview

Compressed Air Power The YATO YT-23731 blow gun is a reliable tool for effectively removing contaminants. Ensure your machines and devices are perfectly clean in every detail. Reliable Cleanliness in Your Workshop Effective removal of contaminants from machines and devices Ideal for cleaning engines and other hard-to-reach places Long nozzle (110 mm) for easy access and comfortable use Precise air flow adjustment for optimal control Standard 1/4" connection ensuring versatility with most compressors Durable construction ensuring long-lasting and reliable operation Strong Blowing Long Nozzle Precise Adjustment Universal Connection Durable Material Technical Specifications: Nozzle Diameter: 4 mm Nozzle Material: Brass for long life Body Material: Durable PP plastic Weight: Only 0.11 kg, ensuring comfortable use Sound Pressure: 89.0 dB Sound Power: 100.0 dB Vibration: Below 2.5 m/s² Maximum Air Pressure: 0.8 MPa Nozzle Length: 110 mm for better reach Standard Air Connection: 1/4" Inner Diameter of Air Supply Hose: 3/8" (9.5 mm) Usage warnings: Warning! Always use personal safety equipment at work.

Key Technical Specifications

Brand	Yato
Symbol	YT-23731
Weight	0.11 kg
Vibrations	<2.5 m/s²
Body material	PP
Producer code	5906083028915
Acoustic power	100.0 dB(A)
Nozzle diameter	4 mm
Nozzle material	brass
Acoustic pressure	89.0 dB(A)
Max. air pressure	0.8 MPa

Nozzle pipe length	110 mm
Air connection diameter (PT)	standard
Air supply hose inside diameter	3/8" (9.5 mm)

Key Points

- Effective removal of contaminants from machines and devices
- Ideal for cleaning engines and other hard-to-reach places
- Long nozzle (110 mm) for easy access and comfortable use
- Precise air flow adjustment for optimal control
- Standard 1/4" connection ensuring versatility with most compressors
- Durable construction ensuring long-lasting and reliable operation
- Nozzle Diameter: 4 mm
- Nozzle Material: Brass for long life
- Body Material: Durable PP plastic
- Weight: Only 0.11 kg, ensuring comfortable use
- Sound Pressure: 89.0 dB
- Sound Power: 100.0 dB
- Vibration: Below 2.5 m/s^2
- Maximum Air Pressure: 0.8 MPa
- Nozzle Length: 110 mm for better reach
- Standard Air Connection: 1/4"
- Inner Diameter of Air Supply Hose: 3/8" (9.5 mm)

Warnings

- Warning! Always use personal safety equipment at work.
