

Yato | Code YT-89040 | Sku 108904

Yato High Flow Quick Connector 1"

Key Technical Specifications

Hose Width	1" (25 mm)
Material	ABS, PP
Function	High flow
UV Resistant	Yes

Key Features

- High water flow for efficient system operation
- Quick and easy tool-free installation
- Lightweight, corrosion-resistant construction
- Durable against mechanical damage and weather
- UV resistant

Applications

- Garden irrigation systems
- Water installations
- Household and professional use
- Devices needing quick, tight hose connections
