

Yato | Code YT-6421 | Sku 106421

Yato C-Clamp 75 mm

Key Technical Specifications

Clamp Type	C-type
Size	3"
Jaw Opening	75 mm
Depth	48 mm
Clamping Force	1950 kg
Body Material	Cast iron
Screw Material	#45 carbon steel
Thread Finish	Phosphated, hardened
Surface Finish	Phosphated black
Manufacturing Process	Wrought

Applications

- Welding operations
- Drilling operations
- Heavy-duty assembly work
- Clamping materials during construction and assembly

Key Features

- Maximum load capacity: 1950 kg
- Strong 75 mm jaw for heavy-duty tasks
- Phosphated, hardened screw for durability
- Black phosphated finish for corrosion resistance
- Wrought technology for added strength

Safety

- Always use personal protective equipment (PPE) when operating this tool.
