

Yato | Code YT-8353 | Sku 108353

Sandpaper Sheet P100, 230×280 mm, 50 pcs

Overview

YT-8353 sandpaper is a reliable choice for professionals and DIY enthusiasts. It provides effective sanding on various surfaces, from wood to metals and plastics. Ideal for sanding wood, metals, and selected plastics, and effective when working with paints, varnishes, and putties. Features an optimal grit size of P100 for precise smoothing, durable aluminum oxide abrasive for long service life, a synthetic resin binder for resistance to crumbling, and a stable C-weight paper backing for easy workability.

Key Technical Specifications

Grit	P100
Size	230×280 mm
Shape	Sheet
Binder	Synthetic resin
Backing	Paper
Coating	Semi-open
Abrasive	Aluminum oxide
Waterproof	No
Application	Paints, varnishes, putties, wood
Backing weight	C

Key Points

- Grit P100 – optimal for precise smoothing
- Aluminum oxide abrasive for long service life
- Synthetic resin binder for resistance to crumbling
- C-weight paper backing for easy workability
- Semi-open coating for efficient material removal
- Suitable for wood, metals, selected plastics, paints, varnishes, and putties

-
- Sheet size: 230×280 mm
 - Pack of 50 sheets

Warnings

- Always use personal protective equipment when working.
