3-Piece Diamond Needle File Set 5×180×70 mm

Overview

The YT-6155 is a complete diamond needle file set designed for demanding users working with hard materials. It combines high quality with ergonomic comfort, making it ideal for both professionals and DIY enthusiasts. The diamond coating ensures exceptional hardness, long service life, and effective material removal. The set includes three different profiles — flat, semi-circular, and circular — for versatile applications. Files are made from high-quality #70 carbon steel for durability and feature a chrome-plated surface for enhanced corrosion and wear resistance. Ergonomic PVC handles provide a secure grip and comfort during extended use. The G150 grit size enables efficient material removal and surface smoothing, with a 70 mm diamond grit length for effective working performance.

Key Technical Specifications

Size	5×180 mm
Material	#70 carbon steel
Grit Size	G150
Application	Metal
Surface Finish	Chrome-plated
Handle Material	PVC
Number of Pieces	3
Profiles Included	Flat, semi-circular, circular
Diamond Grit Length	70 mm

Key Points

- Set of 3 diamond needle files for hard materials
- Three profiles included: flat, semi-circular, and circular
- Diamond coating for exceptional hardness, longevity, and effectiveness
- Made from high-quality #70 carbon steel for durability

- Chrome-plated surface for increased corrosion and wear resistance
- Ergonomic PVC handles for secure grip and working comfort
- G150 grit size for efficient material removal and surface smoothing
- 70 mm diamond grit length for effective working coverage
- Size: 5×180 mm
