

Vorel | Code 81785 | Sku 1081785

Vorel 2 in 1 Intelligent Stud Scanner

Key Technical Specifications

Detected Materials	Wood, Metal, Live Wires (A.C.)
Wire Detection Depth	50 mm
Metal Detection Depth	38 mm
Wood Detection Depth	19 mm
Display	LCD with Audible Signal
Power Supply	9V Battery (6F22)
Dimensions	180 x 75 x 30 mm
Weight	170 g
Working Temperature	5–40 °C

Detection Capabilities

- Locate live A.C. wires up to 50 mm deep
- Detect metal elements up to 38 mm deep
- Detect wooden structures up to 19 mm deep
- Three operating modes for precision scanning

Features

- Large, clear LCD for easy result reading
- Audible alert for added safety
- Compact and lightweight for comfortable use
- Battery-powered for full mobility

Safety

- Always use personal safety equipment at work
- Not a measuring instrument under the "Law on Measures"
