PVC Tray with 16-Piece Combination Spanner Set 6–21 mm

Overview

The YT-5531 drawer insert is a complete 16-piece combination wrench set designed for professional workshop use. All wrenches are made from high-quality chrome-vanadium steel (CrV) with a hardness of 42–48 HRC, providing excellent resistance to deformation and wear. The AS-DRIVE system in the ring head minimizes the risk of rounding off bolt heads, while the 15-degree head angle facilitates access in confined spaces. A chrome and satin finish protects against corrosion. The set complies with DIN 3113 quality standard and is supplied in a PVC tray (385 × 175 × 41 mm) sized for standard drawer cabinet inserts.

Key Technical Specifications

Hardness	42–48 HRC
Material	CrV (chrome-vanadium steel)
Application	Workshop
DIN standard	3113
Head coating	Satin
Set includes	Combination wrench ×16 (6 mm, 7 mm, 8 mm, 9 mm, 10 mm, 11 mm, 12 mm, 13 mm, 14 mm, 15 mm, 16 mm, 17 mm, 18 mm, 19 mm, 20 mm, 21 mm)
Finish	Chrome plated, satin
AS-DRIVE system	Yes
Tray dimensions	385 × 175 × 41 mm
Number of pieces	16
Ring wrench type	Dodecagonal (12-point)
Head offset angle	15°

Key Points

- 16-piece combination wrench set covering sizes 6–21 mm
- Made from high-quality chrome-vanadium steel (CrV) for long-lasting durability
- Hardness of 42–48 HRC for superior resistance to deformation and wear
- AS-DRIVE system in ring head minimizes risk of rounding off bolt heads
- 15° head angle for easier access in tight or confined spaces
- Chrome and satin dual finish protects against corrosion
- Complies with DIN 3113 standard
- Supplied in a PVC tray (385 × 175 × 41 mm) for organized storage

Warnings

- Use of hand tools may be dangerous! Always use personal protective equipment at work.
- Use only proper, undamaged tools.
- Select the type and size of tool according to the intended application.
- Do not overload tools.
- Keep tools away from children.
- Use tools with proper care.
