Bosch HSS Bi-Metal Hole Saw for Standard Adapters 19 mm

Short Description

Bosch 19 mm HSS bi-metal hole saw designed for use with standard adapters.

Technical Specifications

Brand	Bosch
Mfr part no.	2608584101
SKU	45850
Type	Bi-metal HSS hole saw
Disc Size	19 mm
Construction	HSS bi-metal with 8% cobalt alloy
Tooth Geometry	Vario tooth configuration
Spindle Thread	For use with threaded standard adapters
Compatible Tools	Rotary drills/drivers and impact drill/drivers
Pack Quantity	1 piece
EAN	3165140087414
Dimensions	19 mm diameter; working length not specified for exact part number

Description

The bi-metal construction is intended for durable cutting across wood, drywall, metal pipes and profiles, non-ferrous metals and plastics. Bosch describes the product family as using Vario tooth geometry for smooth cutting and HSS material with an 8% cobalt alloy for improved durability and heat resistance. Compatible with rotary drills/drivers and impact drill/drivers.

Key Features

- HSS bi-metal construction with 8% cobalt alloy for improved durability and heat resistance
- Vario tooth geometry for smooth cutting
- Compatible with standard threaded hole-saw adapters
- Suitable for wood, drywall, metal pipes and profiles, non-ferrous metals and plastics
- Single-piece product

Applications

- Cutting circular holes in softwood
- Cutting circular holes in drywall
- Cutting metal pipes and profiles
- Cutting non-ferrous metals
- Cutting plastics

What's Included

- 1 x Bosch 19 mm HSS bi-metal hole saw
- Standard adapter and pilot drill not included
